Use Attain to review statistical information about your fixed assets, including depreciation (tax or book) and maintenance entries. You can also include pictures of assets in your records.

Attain gives you a real-time, accurate overview of all your fixed assets. You always know the book value and accumulated depreciation of your assets. You can integrate Fixed Assets with other Attain application areas, such as General Ledger and Purchases and Payables, to reduce data entry errors and easily reconcile fixed assets entries and postings.

Fixed Assets in Attain makes it easy for you to control the maintenance of all your fixed assets. Keep track of maintenance schedules and costs, budget for upcoming maintenance costs and monitor the value of your fixed assets. Find out whether an asset costs more to maintain than it's worth or whether it should be renewed.

Attain also helps you manage the insurance policies for your fixed assets. Monitor annual insurance premiums and link each fixed asset to any number of insurance policies. You always know whether you have the right insurance coverage for your assets.
